

COVID-19 Update

As you know, the arts and entertainment industry has been deeply affected by the Covid-19 pandemic. Due to its ongoing effects, it is with heavy hearts that we, Culture Announce Initiative, Inc. (formerly LPAI), have decided to cancel our 2020 performances of Houston's Urban Nutcracker.

We are saddened that we are unable to dance with our Houston's Urban Nutcracker family this year. However, the health and safety of our patrons and over 100 talented cast members, guest choreographers, and companies is our top priority.

We eagerly anticipate celebrating the holidays with you in 2021 and hope you and your family will join us for the streaming debut of ***Houston's Urban Nutcracker: Behind the Curtain***; a behind the scenes movie documentary on the making of Houston's Urban Nutcracker this holiday season. *Houston's Urban Nutcracker: Behind the Curtain* will serve as Culture Arts Initiative's 2020 scholarship fundraising event.

We want to thank you and our sponsors for supporting Culture Arts Initiative, Inc. and our events, like Houston's Urban Nutcracker. Your donations and support have allowed us the opportunity to develop arts programs that enrich the lives of young people, as well as, award over \$20,000 in arts scholarships to deserving young dancers.

We look forward to continuing our mission to empower, support, and educate future generations of young dancers in our beautiful and diverse communities.

See you in 2021,

Traci Greene
President, Culture Arts Initiative, Inc.
